## RUSSIAN PEACE TERMS TO POLAND ARE MADE PUBLIC

MEMBERS OF BRITISH CABINET  
BELIEVE SATISFACTORY PEACE  
CAN BE CONCLUDED

REDUCTION OF POLISH ARMY TO  
TEN THOUSAND MEN IS  
DEMANDED

(By United Press)

London, Aug. 11—Members of the British cabinet, it was learned today, believe there is a satisfactory basis of settlement in the armistice and peace terms which the bolsheviks were to present to Poland at the Minsk conference today.

The terms were announced by Lloyd George in the house of commons during the night, after they had been handed to him by Leo Kaminoff, one of Russia's representatives here. In brief the bolshevik terms called for: Immediate reduction of the Polish army to ten thousand men with an annual draft for the army of fifty thousand men thereafter. The time limit set on this demobilization is one month.

Surrender to Russia of all superfluous arms.

Prohibition of shipment of troops and material into Poland from abroad.

Granting to Russia access to the Baltic, with commercial advantages.

Handing of Polish additional territory on its east front, to be given to the families of Poles killed in the war as compensation.

Demobilization of Polish war industries.

Withdrawal of Russian troops from the Polish front as rapidly as Poland demobilizes her army, and fulfills the other terms.

Fixing of the armistice line as the final front to be granted Poland by Russia would be better than Poland's viewpoint of the border established by the allies.

Lloyd George refused to comment or discuss the terms. The premier agreed that a new situation had arisen as a result of the announcement of the terms.

Two attaches of the Russian mission started for Moscow today from London. It is believed they carried a message from Kaminoff to Premier Lendine urging that the British terms be accepted by the soviets.

Laborites announced today that a meeting has been called for Friday to prepare to carry out their threat to quit work and paralyze the nation's industries if war appears likely under a possible breakdown of the Minsk conference.

## FRENCH RECOGNIZE WRANGEL REGIME IN RUSSIA

(United Press)

Paris, Aug. 11—France has officially recognized General Wrangel's regime as a defacto government of Russia. It was announced today at the foreign office. Wrangel is the anti-bolshevik leader in the Crimea.

## BRITISH PREMIER AWAITS TERMS

(By United Press)

London, August 11—It was learned authoritatively today that Lloyd George was awaiting the soviet secondary terms before forming an opinion as to whether peace could be made in Minsk. It was feared the supplementary terms might be more severe.

## DEMOCRATIC NOMINEE IS IN COLUMBUS

(By United Press)

Columbus, Ohio, August 11—Governor James M. Cox arrived in Columbus shortly after one o'clock this afternoon and went immediately to the executive mansion for luncheon. He was accompanied by Mrs. Cox.

GILBERT COX

Gilbert Cox, father of James M. Cox, Democratic candidate for president.

## "DRYS" NOTIFY THEIR NOMINEES

OHIO TOWN STAGES STATE'S  
THIRD NOTIFICATION CER-  
EMONIES TODAY

(United Press)

Germantown, Ohio, Aug. 11—This enterprising village today was to stick another feather in Ohio's cap as the mother of presidents and would-be presidents.

And in the matter of notification ceremonies the town was not satisfied to equal the record of Dayton and Marion by notifying one man that he had been chosen as his party's nominee. Germantown will stage a twin celebration, both Aaron S. Watkins, who lives here, and D. Leigh Colvin of New York, were to be told at the same time they are the candidates of the prohibition party for president and vice-president, respectively.

The streets of the village were decorated to receive hundreds of "dry" leaders and advocates from far and near to take part in the notification festivities. A parade was to be held in the afternoon, followed by the notification speeches and the speeches of acceptance in the early evening. After that there will be a fireworks display.

H. P. Paris of Clinton, Mo., will make the speech notifying Dr. Watkins, while Francis E. Bauchamp will tell the news to Colvin.

Dr. Watkins, who is a professor of literature in a military academy here, was nominated for president by the prohibitionists at the Lincoln, Neb., convention July 21, after William Jennings Bryan refused the honor. Watkins was born on a farm near Rushsylvania, Ohio, in 1867. He was a Methodist Episcopal preacher for 17 years before he began teaching. In 1905 and 1908 he was the prohibitionists' nominee for governor of Ohio. In 1908 and 1912 he was the party's candidate for vice-president of the United States.

## AMERICAN BOATS CAPTURE TROPHY

INTERNATIONAL MOTOR BOAT RE-  
GATTA WON BY AMERICAN  
BOAT

(United Press)

Cowes, England, Aug. 11—American motor boats took first and second place today in the second race of the international regatta for the Farnsworth trophy. Miss America finished first and Miss Detroit second. Maple Leaf, a British entry, was third.

## DEMPSEY WILL FIGHT BRENNAN

(United Press)

New York, Aug. 11—Jack Dempsey, heavyweight champion, will fight Bill Brennan before next Jan. 1, according to an agreement signed here today between the managers of the two fighters.

The bout probably will be staged in New York. The agreement provides that the fight should be staged before the club making the best offer and that the bout should be of as many rounds as the law permits in that club.

## ASK SERVICE MEN TO HELP SELL BONUS BONDS

SAY FINANCIAL INSTITUTIONS  
WON'T BUY BECAUSE THEY  
CAN GET BETTER RATE  
ELSEWHERE

(United Press)

St. Paul, Aug. 11—Ex-service men are asked today to assist the soldier bonus board in selling certificates of indebtedness in a statement issued by M. J. Desmore, director in the bonus work.

The financial institutions, Desmore's statement declared, refuse to buy certificates of indebtedness because of an opportunity for better rates of interest existing.

Concluding the statement, he appealed to the ex-service men "To put their shoulders to the wheel and assist in selling bonds."

## 7,000 POUNDS OF VEAL DESTROYED AS SPOILED

Minneapolis, Aug. 11—Seven thousand pounds of veal recently found in a Minneapolis cold storage warehouse and declared unfit for consumption today was sprinkled with kerosene to prevent its sale as food, according to a report by R. F. Hall, cold storage inspector of the state department of agriculture. The kerosene treatment was given the inspector said, after efforts to sell it for tankage or fertilizer had failed. The meat was owned by a St. Cloud firm and had spoiled before it was placed in storage, he said.

## FARGO RESIDENT ILL IN CHICAGO

(United Press)

Chicago, Aug. 11—The man who was taken suddenly ill on the street here Sunday, was identified today as Charles Olson, 76, of Fargo, N. D. The identification was made by his cousins, Frank and Andrew Johnson, of Casselton, N. D.

Olson had \$1,352 with him when he was taken ill. He is in a serious condition.

## BOLSHEVISTS TAKE POLISH TOWN

(United Press)

Paris, Aug. 11—Russia has captured the town of Bena, in Poland, the foreign office was advised today. The Polish troops were said to be clinging desperately to the ground they are holding along the east Prussian frontier in a southerly direction.

## AMERICAN NOTE WILL INSPIRE POLES

(United Press)

Washington, Aug. 11—Poland will be inspired with new hope by President Wilson's note promising that the United States will use "all available means" to protect that country's integrity. Prince Tubomirski, Polish minister here, declared today.

MISS A. B. WIEHNIAREK

Miss A. B. Wiehniarek of Buffalo, N. Y., who was abroad two years working with the Polish White Cross. Among the war decorations awarded her are the French honor medal, and the Polish medal for faithfulness.

## HAYS URGES SUFFRAGE SUPPORT

ON REPUBLICAN MEMBERS OF  
THE TENNESSEE LEGIS-  
LATURE

(By United Press)

Marion, Ohio, Aug. 11—Immediate ratification of the woman's suffrage amendment is a measure of simple justice to American women, and to deny it would be a governmental blunder of the worst magnitude, Will H. Hays, republican national chairman, today declared in a telegram to several republican members of the Tennessee legislature urging them to cast favorable votes on the question.

Curiosity as to how Senator Harding would meet Governor Cox's assertion that the league of nations issue is one to go in or stay out, increased here with the continued silence of the republican candidate on this question.

The feeling was manifested by some political observers here that Cox has manoeuvred Harding into the position where he must elaborate his league of nations view in clearer detail. Harding recently promised to discuss the subject but desired to wait until Cox had spoken.

## VILLA HAD CONFI- DENCE IN HUERTA

(By United Press)

San Antonio, Aug. 11—The surrender of Villa is a personal tribute to De la Huerta, according to Theodore Frezieres, former consul here, now on his way to Liverpool, England, to take charge of the post of consul general at that place.

"President Huerta is fast becoming the most popular executive Mexico has ever had in spite of the fact that he will step out of office this fall," Frezieres said.

"One of the reasons for Villa's surrender was his belief in the amnesty of Huerta, in keeping his word."

## FOREST FIRES SPRING UP IN NOR. MINN.

QUICK ACTION IS NECESSARY  
TO SAVE LIVES, SAYS STATE  
FORESTER COX

(United Press)

St. Paul, Aug. 11—Forest fires are springing up over all the northwest part of Minnesota in the vicinity of Big Falls, and quick action is necessary to save lives, according to information reaching W. T. Cox, state forester, here today.

The state forester went before the state board of relief today and asked for \$5,000 so as to employ twenty-five additional men, stating that advice reaching him were to the effect that immediate action was necessary to prevent spreading of the fire.

## TRY TO DEFER ACTION ON SUFFRAGE AMENDMENT

(By United Press)

Nashville, Tenn., Aug. 11—An effort was made in the house of representatives today to prevent action on the suffrage amendment until the people of the state have an opportunity to express their views. A resolution introduced in the house provides for mass meetings in the various county seats Aug. 21 for an expression of public opinion. Action by the legislature could be deferred until after the senators and representatives have been notified of the result.

The mass meetings would assemble at noon and senators and representatives would be told of the outcome before August 24. The resolution declared it would be unfair to pass the suffrage amendment until the people had had in opportunity to say what they think either through an election or otherwise.

An amendment to defer all mass meetings until the last of September lost.

The vote on the motion to table the resolution was defeated. Fearing defeat, Governor Roberts sat in the rear of the house and addressed notes to members advising them of strategy and urging defeat of the resolution.

## CAMPAIGN EXPENSE HEARINGS RESUMED ON AUGUST 18TH

(United Press)

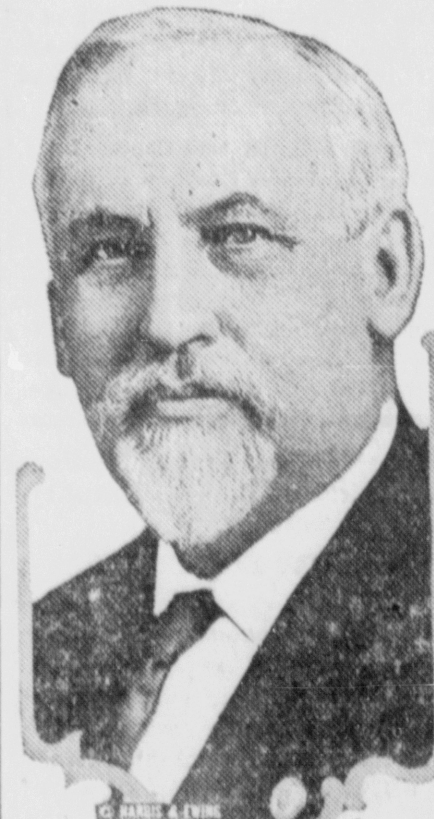

Kansas City, Aug. 11—Hearings of the senate committee investigating campaign funds of presidential and senatorial candidates, will be resumed August 18 at Chicago, Senator Jas. A. Reed announced here today.

## DRAFT EVADER HANGS HIMSELF

(United Press)

Hartford, Conn., Aug. 11—Conrad Janks, brought here by federal officials from New York City, charged with draft evasion, hanged himself by his necktie from the bar of his cell here today. He was dead when found by the janitor.

DR. E. F. LADD

Dr. E. F. Ladd, president of the North Dakota College of Agriculture, defeated Senator Gronna for the nomination for senator.

## THREE ARE KILLED TWELVE INJURED

WHEN A CHICAGO, ST. PAUL AND  
OMAHA TRAIN WAS OVER-  
TURNED IN IOWA

(United Press)

Hospers, Iowa, Aug. 11—Three men were killed and twelve passengers injured when a north bound Chicago, St. Paul, Minneapolis & Omaha train was overturned at a switch point in the yards here last night. It was thought an attempt to go on to the switch at too high a rate of speed caused the accident. The engineer and fireman were scalded to death.

The dead are R. Redding, engineer, of Sioux City; Ira Taylor, fireman, of Sioux City, and Michael Conroy, of St. Paul.

Among the injured was James Moore, of Rochester, Minn., jaw broken, internal injuries, teeth knocked out and not expected to live.

## DAGO FINANCIER IS EX-CONVICT

ADMITS SERVING TERM FOR  
FORGERY—HANOVER TRUST  
COMPANY CLOSED

(United Press)

Boston, Mass., Aug. 11—Charles Ponzi, whose alleged operations in international postal reply coupons has attracted world wide attention, is the same Charles Ponzi who served a sentence in the penitentiary at Montreal for forgery, Attorney General Allen declared today.

Ponzi admitted he is the Charles Ponzi, also known as Charles Branchi, who served a term in a penitentiary at Montreal for forgery, and two years in the federal prison at Atlanta, Georgia, in connection with violating the immigration law.

Allen announced, also, that he had seized and closed the Hanover Trust company in which Ponzi was a heavy stockholder. Allen said he has been investigating the trust company since last Saturday and found it to be doing business in an unsafe manner.

## PRELATE GUARDED TO PREVENT HIM FROM GOING TO IRELAND

(By United Press)

London, Aug. 11—A cordon of detectives stood guard today around the Nazareth House in the suburbs where Archbishop Mannix is resting after his trip from America to England. The purpose of the detectives was to keep the prelate from slyly stepping out of the house and going secretly to Ireland. The government has forbidden him to visit Ireland on account of pro-Sinn Fein sympathy.

It would take the pen of Conan Doyle, creator of Sherlock Holmes, to do justice to the scenes that were witnessed during the night of the Scotland Yard sleuth patrol who were on the alert for clues that might indicate the Australian Irish prelate was plotting to escape.

## WILSON WILL EX- TEND MATERIAL AID TO THE POLES

THIS WAS ANNOUNCED IN OFFI-  
CIAL QUARTERS AT WASH-  
INGTON IT IS SAID

(United Press)

Washington, Aug. 11—President Wilson will shortly extend material aid to Poland in conformity with a promise to use "all available means" to protect that country's independence," it was stated today in official quarters here.

The pledge of America's support of Poland's independence and territorial integrity was contained in a statement of this government's attitude in the Russian-Polish situation which took the form of a note in reply to Italy's note received here.

The features of the note are: A statement that the United States' policy will be directed to the employment of all available means to maintain Poland's political independence and territorial integrity.

Refusal to sanction Lloyd George's plan for a peace conference at London in which the allies would take a hand in making peace between Russia and Poland.

Warning that Russia's interests must be generally protected.

Seathing denunciation of the bolshevik regime and refusal to approve any sort of recognition of it.

Approval of allied efforts to bring about a peaceful solution of existing difficulties and promise of any support of justifiable means to that end.

Expression of the hope that the Russian people will soon find a way to set up a government and promise of assistance to them.

Interest was centered about the "available means" at this government's disposal for aiding Poland against the bolsheviks. Unofficially it was stated that vast food supplies will quickly be made available to the Poles, who by hundreds of thousands have been driven from their homes by the red advance and are destitute.

## Armistice Terms Makes Aid Imperative

Washington, Aug. 11—The extension of material aid to Poland by the United States is now being made more imperative by the announcement of the soviet armistice terms, the Polish minister declared here today.

## PEACEFUL SETTLEMENT OF DIFFERENCES IN MEXICO FORECAST

(By United Press)

San Antonio, Aug. 11—Peaceful settlement of the differences between Governor Cantu of Lower California and the central Mexican government, was forecast today by Major General Dickman, southern department commander. Dickman believes Cantu realizes they are against him and will surrender before going very far into the struggle for supremacy.

## NEGRO DIES OF STARVATION

(United Press)

Pottsville, Pa., Aug. 11—Charles Wilson died of starvation at Schuylkill prison today after starving forty-three days.

Wilson took his last food June 29. He had not spoken to jail attaches for days. The negro appeared lively yesterday and it was believed he would be able to hold out for several days although he had lost considerable flesh.

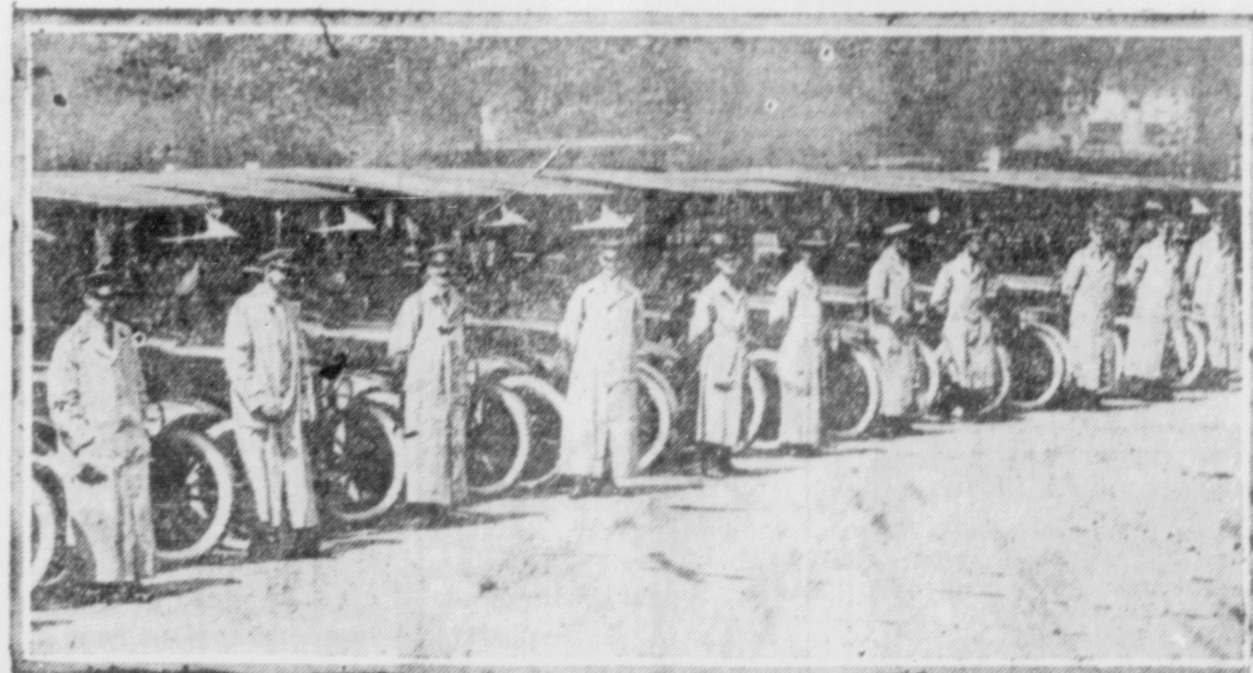

## CENSUS FIGURES

(United Press)

Washington, Aug. 11—The census bureau today announced the 1920 population of Ostrander, Minn., at 206. Ostrander has been organized since 1910 and hence there is no comparison.

Sand Generates Electricity.  
A curious phenomenon of the Sahara is the charging of motorcar bodies with electricity. Lorries running in the vicinity of Gades are reported to be often affected, and drivers grasping the starting handle after a stop are liable to receive severe shocks. The electrification is supposed to be imparted to the chassis from charged sand blown against it, the rubber tires serving as insulation to retain the charge. By trailing wires, ground connection is made, and the charge dissipated.

## Fleet of Municipal Taxis Designed to End Care-Free Joy Riding by N. Y. City Employees at the Patient Taxpayers' Expense

No more joy riding for New York city employees. Mayor Hylan and Grover Whalen, commissioner of plant and structures, have taken the joy out of life by buying a fleet of twenty-five black and red taxicabs. Every city worker below the grade of

commissioner must use them instead of the expensive private owned touring cars in which they have been accustomed to loil. The taxicabs can be used only for official business and a waiting-time limit of thirty minutes has been fixed. At the end of that

time the chauffeur must call up the starter. The photograph shows some of the taxis lined up at the Municipal Building before passing in review before the mayor. The taxis cost \$30,000, plus an exchange of fifteen secondhand touring cars.

## THE WEATHER

Forecast for next 24 hours:  
Minnesota—Unsettled weather showers this afternoon or tonight in the east and extreme south portions, cooler tonight. Thursday generally fair, cooler in the southeast portion.

Cooperative observer's record  
6 p. m.:  
August 10—Maximum 93,  
minimum 53. Reading in evening 70. Northwest wind.  
Clear.

August 11—Minimum during the night, 63. Southwest wind.  
Rain in early morning.

## LOCAL NEWS NOTES

The St. Paul afternoon passenger was late today, arriving 2:45 P. M.

Men Wanted—Paving Job. Apply on Job. McCree-Moos & Co. 584

W. A. M. Johnston, clerk of the district court, is sick at his home.

Miss Beatrice Sheffield went to Glenwood this afternoon for a visit.

Men Wanted—Paving Job. Apply on Job. McCree-Moos & Co. 584

Tuesday was the hottest day in the year, according to the government thermometer.

Velvet Ice Cream. A gallon or more delivered. Phone 450. Brainerd Creamery Co. 2991f

Mrs. O. A. Fridlund, who was in Brainerd for some months, has gone to Portland, N. D.

BRAINERD HOMESTEAD NO 602 BROTHERHOOD OF AMERICAN YEOMAN

Will give a  
Dance at Lum Park, Wed., Aug. 11  
Members 10c, others \$1 per couple.  
Everybody welcome. Good music.

Attorney Frederick J. Miller, of Pine River, was in the city on legal matters.

L. W. Thabes returned from Pillager this afternoon where he worked on several buildings.

Louis Lee returned from Pillager this afternoon where he was employed in construction work.

The St. Paul afternoon train Tuesday was delayed, having engine trouble near Fort Ripley.

R. E. Phillips of Boy River, was in the city, returning home from Gull River where he visited his parents. Mr. and Mrs. Seth Phillips.

Ask your dealer for Velvet Ice Cream, the best made. Manufactured by the Brainerd Creamery Co. Te. 450. 2991f

If you have anything to sell try the classified want ads of the Dispatch and see how quick you get action. Cent a word each time.

Wm. Schlange has commenced erection of a building near South Seventh and Maple streets to house his cigar factory.

Dance at South Long Lake Saturday, August 14. Blue Ribbon Orchestra. 601w1

A new hardware sign has been added by the Alderman-Maghan Co. It was made by Julius Deering and is most attractive in appearance.

The lakes offered desirable places to flee to after the heat of Tuesday when the thermometer sped up to 93 degrees. Bathing was indulged in by many.

Mrs. Martin Nelson, Mrs. S. F. Queney, Mrs. Art Cullen of this city and Miss Clara Guerin of Little Falls, spent ten days at "Birchdale." Geo. R. West's summer resort on North Long lake.

There was a case of near suffocation at the Palace hotel where gas was turned on and the flame was extinguished when the supply was cut off by failure of the plant. When gas was again pumped it flowed out of the valve and nearly suffocated several people.

Mrs. Lilla M. Follett, of 311 North Fourth street, was nearly gassed on Tuesday morning. When the gas

flame of her range died out, it was not turned off and later when some gas was projected in the mains it escaped from the stove and nearly suffocated her.

W. R. Schneider, of Topeka, Kansas, has taken charge of the Yankee Bakery. He is an experienced baker and knows how to build up trade and make the business a successful one. Mr. Schneider is a flutist and plays in the Brainerd Municipal band and the Park Theatre orchestra.

Tourists from Guthrie Center, Iowa, driving in a motor truck on their way to Canada, visited Brainerd on Tuesday. In the party were Mr. and Mrs. Chris A. Davidson, E. Brady and Carl Christianson. From Brainerd they intended to go either to Gull or Mille Lacs lake to camp and fish, deciding later in favor of West's on Long lake.

Factory Demonstrator on Westinghouse Electric Ranges, Thursday, Friday and Saturday.

BRAINERD ELECTRIC CO.  
6043

Mrs. Lucy Nolan, age 77 and a widow, who made her home with her brother, John Bouek on a farm south of Brainerd, died from the infirmities of old age. She was known to many people, having lived in and near Brainerd the past forty years. The funeral will be held on Friday morning at 9 o'clock from St. Francis Catholic church, Rev. J. J. O'Mahoney officiating.

In municipal court Judge Walter F. Wieland heard the civil case of Alfred Zawadzki vs. Coleman E. Miller. The plaintiff was represented by Swanson & Swanson and the defendant by L. B. Kinder. The complaint charged that Zawadzki bought a cow for \$55 from Miller and it is alleged Miller sold the plaintiff the wrong animal which took sick and died and caused a loss of \$55 and expenses.

The Pan Motor Co. in which a considerable number of Brainerd people hold stock, is to sell \$100,000 worth of preferred stock. The company has on its books at present, says the St. Cloud Journal Press, over a half million dollars worth of orders for forgings, and in order to take care of the outside contracts for the drop forge plant and the machine shop as well as the manufacture and sale of the Model A car requires a greater sum of money than is immediately available from the company's present resources.

John, Eugene and Frank McCarthy, three brothers, formerly of Brainerd, are in the city looking after realty interests near Brainerd, the father having owned a farm near this city. The McCarthy boys are in the moving picture business in North and South Dakota. They started in Montana and selling out there transferred their activities to the states named where they have two movie theatres in Fargo, three in Aberdeen, one in Grand Forks and one in Watertown. One of the McCarthy boys will be remembered as having been in the clothing firm of McCarthy & Donahue.

CHEAP FOR QUICK SALE

Imgrund Auto Co.

## PINE STUMPS WORTH MONEY

Those Left in Cut-Over Lands Are in Demand—Yield Many Valuable Products.

Increased demand for naval stores and a slight falling off in the supply have together called attention to the value of the stumps left in the fields in cut-over lands of the south. A Washington letter of July 6 told of the result of investigation by Clement S. Ucker, vice president of the southern settlement and development organization, in the South Atlantic states, from which he learned that the stumps left in the fields do not die with the cutting down of the tree, but, on the contrary, continue to draw from the soil sap rich with the elements of naval stores.

From these old stumps may be distilled some twenty or twenty-five different by-products, including rosin, turpentine, pine and other oils, acetate, tar, pitch, alcohol and others. By one process rosin and paper pulp may be procured. Other processes leave a residue of valuable charcoal. It seems that the destruction by fire of these stumps in the clearing up of the land is uneconomical. They can be sold for enough to pay for the clearing and leave a surplus, so that we may yet see manufacturers of naval stores bargaining with the owners of cut-over land for the stumps upon it and extracting them themselves.

## GIVE COLOR TO LANDSCAPE

Though the Daisies Grow Like Weeds, They Have a Beauty Too Little Appreciated.

They lift their heads to heaven, seeking to mingle with the stars—millions of them, scattered in wild profusion over meadow and pasture land. Men walk on them, tramp them down—but they rise again, serene, confident, searching the light which gives them life.

Daisies! Our fields are full of them. From afar their white heads give color to the landscape. Their yellow-centered blossoms, blown by the wind, wave obedience to the day and, by their graceful beckoning, invite us to take them home.

Daisies! Our empty vases call for them; our umbrella stands, our jardinières, yearn for their beautiful blooms. And they are so near to us, so easy to get, that it seems a pity to waste their beauty in an unfrequented field.

Get them for the house, for the office, to wear. Even though like weeds they grow, God's love shines from their faces and blesses the corner they fill. —Toledo Blade.

Huns Polluted Interned Ships. The condition of the interned ships, after their German custodians had left, was something indescribable; they reflected great discredit upon German seamanship. For it would have been

impossible for any people which really loved ships to permit them to deteriorate as had these vessels and to become such cesspools of filth, says Rear-Admiral William S. Sims in the World's Work for July.

For three years the Germans had evidently made no attempt to clean them; the sanitary conditions were so bad that our workmen could not sleep on board, but had to have sleeping quarters near the docks; they spent weeks scrubbing, scraping and disinfecting, in a finally successful effort to make the ships suitable habitations for human beings.

## Has Never Seen His Country.

The only United States marine in the world who has never seen the United States is on duty at the American legation in Peking, China. He is Private C. W. F. Childress, who was born of American parents in China. When he became of age a few weeks ago he decided to join the marines and enlisted at the legation.

Childress is a tall, good-looking young man who can speak the Chinese language like a native. His services as an interpreter are especially valuable to the marines. Through association with his parents and other American residents of China he is thoroughly familiar with the traditions and customs of the United States. He is looking forward to the day when he will see the country whose flag he serves.

## Best Timber for Airplanes.

The best timber for airplane purposes was found to be Sitka spruce, known in England as silver spruce. It is light and at the same time strong, highly flexible and soft in structure, so that it yields to the impact of a bullet without being shattered.

## Little Money Saver Says:

## What Are You Looking For?

When you doctor for your health do you want the kind of results that mean permanent benefit?

## YOUR ACES AND PAINS

have a definite cause. That cause must be removed or the trouble will occur again. No matter if you do get temporary relief from the miseries it inflicts.

## THE MAIN THING

is to set your body in the order of nature's plan. Harmonious action of its various parts depends upon keeping the way of travel for vital force open to its unrestricted passage from the brain.

## YOUR NERVES

play to the most important role in your health. Chiropractic adjustments insure absolute nerve freedom. You can get well if you work to that end. Investigate our work and you will approve it. Join the ranks of those who have recovered through Chiropractic adjustments. A trial will convince the most skeptical.

## CHIROPRACTIC + NATURE = HEALTH

It may not be proper to classify Chiropractic alone, since it is a part of Nature—a natural process of keeping fit.

There is nothing new or revolutionary to Chiropractic adjustments. They are now as they have always been, a part of the natural system which aboriginal people use to keep their bodily processes normal.

Chiropractic adjustment remove the cause of disease, which is pressure upon nerves by segments of the spine that have been misaligned from their normal position.

The Chiropractor restores the offending vertebrae to normal position in the spine, relieving the pressure, and Nature restores Health and Normality to the body.

We will be glad to tell you frankly just what Chiropractic adjustments will or will not do in your case. See us today. Consultation and Spinal Analysis Free

# HAYDON COMPANY IMPROVEMENTS

Brainerd Possesses One of the Latest and Best Equipped Ice Cream Plants in Northwest

## A FLOURISHING BUSINESS FIRM

Modern Machinery. Skilled Labor. Pure Materials Produce a Popular Ice Cream

The Haydon Company which today is furnishing nearly all the ice cream for dealers in this part of the country, has grown from a small concern to one of the largest and best equipped in the entire northwest.

Contributing factors to make this success are modern machinery, skilled labor, pure materials, quick delivery system, all directed by the leading spirit of the corporation, President W. E. Haydon. He has not lost an opportunity to push ahead, to enlarge the selling field of the company and to make the product of the factory one which will stand the test of competition.

The latest improvements installed this summer mark a further step in progress. The capacity for making ice cream has been largely increased and the ice cream made a superior product.

Among the latest machinery added is a viscolizer, which makes the ice cream manufactured soft and velvety. This is a large factor in ice cream making and one does not need to be an expert to detect what a difference it makes ice cream so manufactured and ice cream not treated by a viscolizer.

The new office of the Haydon Company is at 506 Front street. It is large and roomy, conveniently arranged for the quick dispatch of business, orders receiving prompt attention.

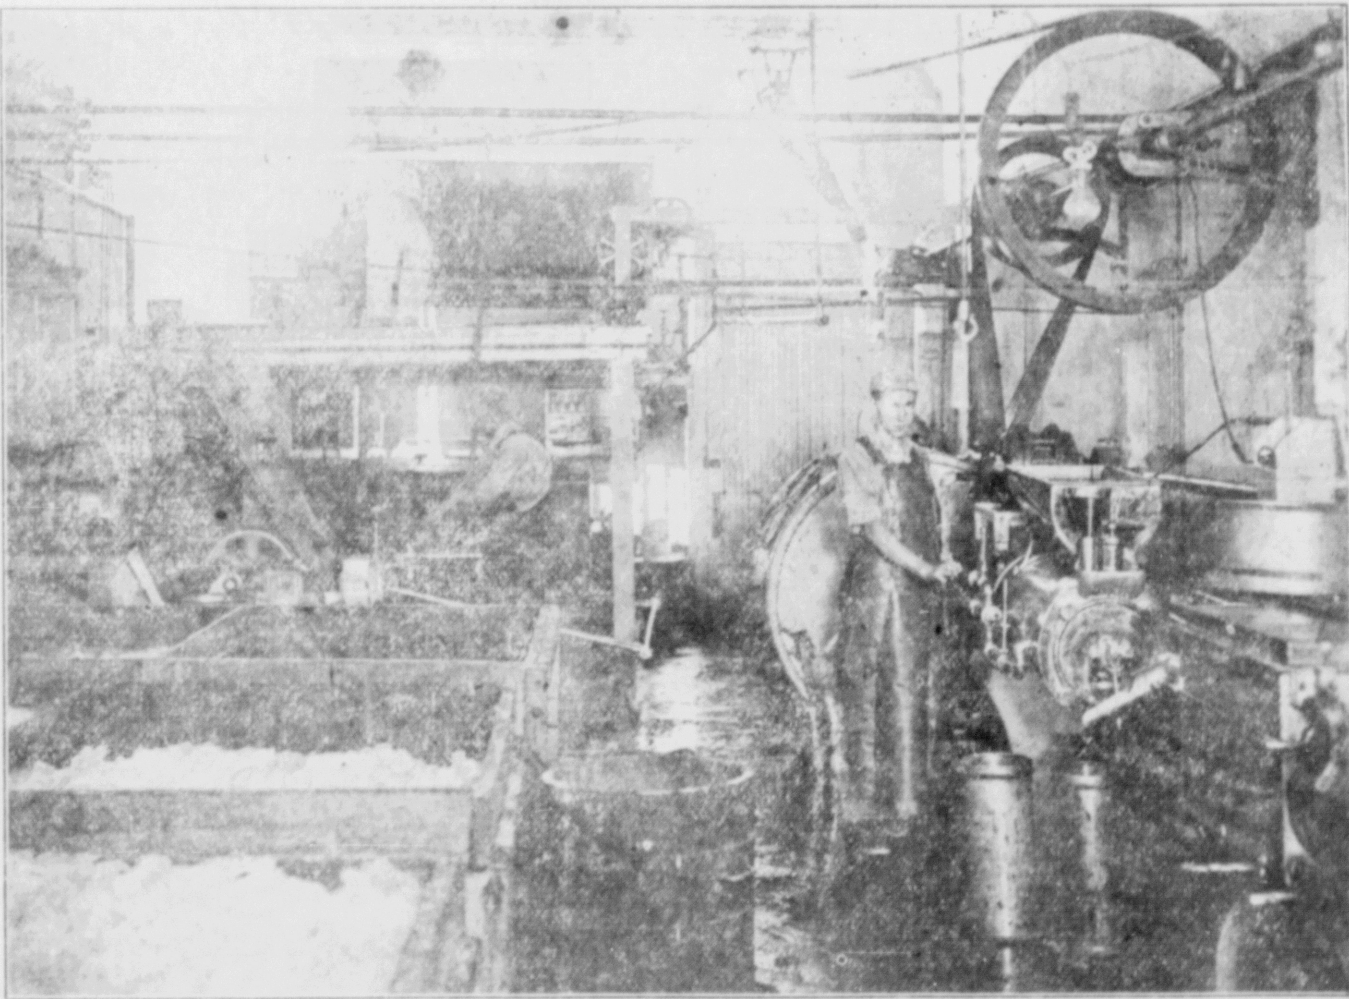

The entrance to the factory is at 207

ed in white, is most distinctive and known wherever ice cream is eaten in Brainerd.

An improvements to be added this winter is one of the latest types of

Where Haydon Company soft and velvety Ice Cream is Manufactured. The new Viscolizer Which Makes the Ice Cream of such Superior Texture, is located to be left, just Beyond the Cooling System, Freezer, Vats, and at the rear top the Mixing Machine. The Freezer is a U. S. Heavy Duty 1920 Model, the last Word in Ice Cream Freezers.

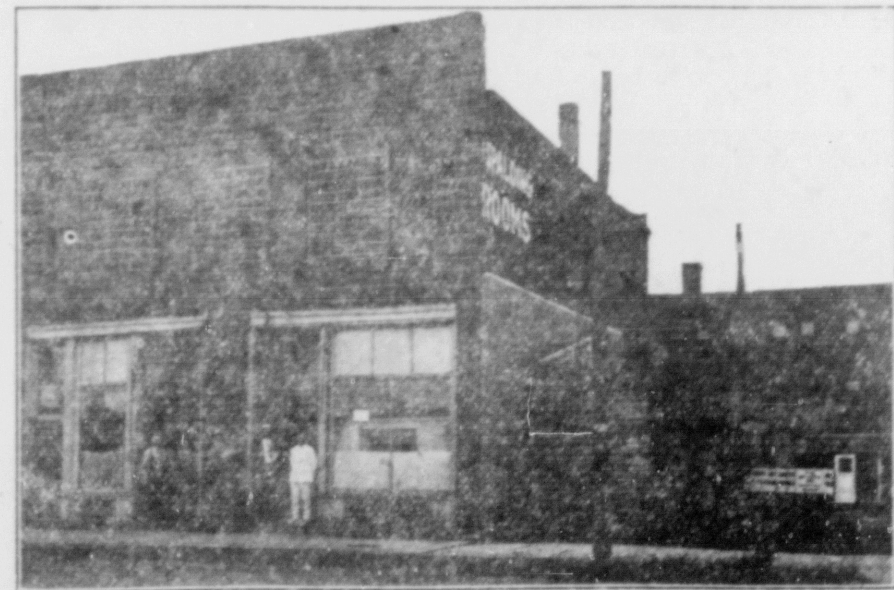

South Fifth street. Floor space added gives ample room for offices, plant and storage. In addition to the manufacture of ice cream, the company are jobbers for candies and confections. They have grown in the past few years to such an extent that their new quarters occupy nearly a quarter of a block and they are looking for more room.

Local deliveries are made with dispatch by truck and the latter, paint-

refrigerating systems that can be obtained, plans of which are already in the company's hands.

The Haydon Company is a home institution, progressive and alive, and its products are of the highest quality. An energetic sales force travels in territory north to the Canadian boundary, south to St. Cloud, west to Fergus Falls, east to Carlton.

IT PAYS TO ADVERTISE—TRY IT

## Evangelical Aid

The Ladies' Aid of the Evangelical church, 4th and Forsyth, N. E., will meet at the home of Mrs. S. A. Stanley Thursday afternoon, a 2:30 o'clock. Members are requested to be present. Friends are invited.

## Burgess-Carlson

Miss Mae Burgess and Gust B. Carlson were married at the Methodist parsonage, Rev. E. A. Cooke officiating. The witnesses to the pleasing ceremony were Mrs. Edwin A. Cooke and Miss Letha Baker.

## GRANTS NEW TRIAL IN ROAD CASE

Applies to Single Defendant, L. A. Ogaard—Arguments on Motion Last 3 Days Before

## BEFORE JUDGE MCLENANAHAN

Memorandum Reviews Briefly Reasons in Case of Koochiching Co. vs. Partridge et al

In the case of County of Koochiching vs. George B. Partridge, and Fred A. Harmon, co-partners, as Northwestern Construction Co., Maryland Casualty Co., of Baltimore, L. A. Ogaard, Orlando Woodward, R. S. McDonald, William Darrington, Charles L. Sheeran and L. H. Slocum, Judge W. S. McClenahan, of the district court, has granted the motion of L. A. Ogaard for a new trial.

Arguments for the new trial lasted three days, Judge Marshall A. Spooner of Bemidji, and J. H. Brown, International Falls, appearing in support of the motion, and N. B. Arnold and Geo. H. Spear, of Duluth, M. E. Ryan of Brainerd, appearing for Koochiching county.

The group of Koochiching county cases, as they were popularly called and relating to county bond issues, road building contracts, etc., came to Crow Wing county on a change of venue, and the above was one of the cases.

In his memorandum Judge McClenahan points out that the complaint in this action is long and difficult to analyze and understand, not so much because its allegations of fact are not definitely stated as because of their lack of coherence and because many allegations of purely evidentiary facts tend to obscure the issue.

"The pleader," continues Judge McClenahan, "had evidently made an exhaustive investigation of Koochiching county road work initiated in 1913 and conducted since that date, and had found evidence of many transactions that were criminally irregular, and of many more that were open to grave suspicion, to say the least."

"Those transactions seemed to involve a number of persons, singly or collectively, and it was proper enough that efforts should be made to fix their responsibility and compensate the county for its obvious losses. But when it came to the point where it was necessary formally to charge these persons with their several delinquencies, in legal proceedings, the mistake seems to have been made of charging in one lawsuit concert of action by them when in fact little, if any, such concert existed."

"Avoidance of a multiplicity of actions was desirable, of course, and this motive may in some degree account for the resort that was made to the elaborate groundwork we find in the complaint upon which it was sought to bring together and make actionable a great many independent acts, upon the theory that there was at all times a pre-arrangement among the defendants in the nature of a conspiracy to cheat and defraud the county."

"While this was apparent on the face of the complaint, the trial had proceeded several weeks before it had to be conceded that such a conspiracy could not be relied upon to sustain the cause of action."

The county then rested its case upon the doctrine to the effect that even though the defendants had acted independently of each other, wholly or partly, if their acts were wrongful and concurred in bringing about the specific injury complained of, they were jointly and severally liable even in the absence of a conspiracy or joint concert of action.

"It is now clear to me," writes Judge McClenahan, "that the case should not have gone to the jury on that theory."

"In the last analysis the complaint charges that the county was damaged to the extent of the difference between \$60,000, the admitted value of the work done, and the materials furnished under the contract with the Northwestern Construction company, and \$110,575.18, the amount alleged to have been paid for such work and materials."

The jury might have found a certain defendant responsible for the amount of the verdict and they could also have found that some other defendant of defendants was responsible for a different amount. But as the case went to the jury, no such discretion was accorded it. The result was all defendants (save one omitted by mistake) were found jointly liable in the same amount.

"I have always been of the opinion," writes Judge McClenahan, "that the really substantial issues involved could have been more simply presented and a more speedy and satisfactory end of the litigation have been arrived at."

"I feel free to add that I have here

discussed one only of many reasons that might have been given for granting a new trial," wrote Judge McClenahan in conclusion.

A new trial of the case is ordered, insofar as Ogaard is concerned, upon the grounds of errors of law occurring at the trial, and either excepted to at the time or clearly assigned in the notice of motion, and that the verdict is not justified by the evidence.

A motion, that Charles L. Sheeran be considered a party to the motion of Ogaard, was denied by Judge McClenahan.

## Sunday School Conference

To members and friends of the First Baptist church, inasmuch as the county Sunday school conference is to be held in this city and two prominent speakers are to be on the program Thursday and Friday evening it will be well for our church to carry its prayer meeting group over with the conference Thursday evening. The meetings will be held in the First Methodist church.

Mr. Harold F. Humbert and Mr. E. H. Herbrecht are both Sunday school experts and their messages and conference information will be most valuable. Let all our Sunday school officers and teachers avail themselves of this splendid chance to hear these men.

## DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Brainerd man's testimony.

Peter Paulson, 402 Oak St., W. says: "About a year ago I was lifting some heavy bags and slipped and wrenched my back. For several days, I was all in and could hardly attend to my work. It seemed to cause an irregular action of my kidneys. I had not energy to do anything, felt tired all the time and suffered from backache. I tried Doan's Kidney Pills and they soon relieved me of my trouble. I have been free from backache and kidney trouble ever since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Paulson had. Foster-McIlburn Co., Mfrs., Buffalo, N. Y.

## BETTER THAN SCOLDING

An instructor in physical training at a summer normal school noticed that on the day his classes opened the young women pupils were dressed in thin, flimsy waists, tight skirts and high-heeled shoes. His first impulse was to give them a lecture on sensible dress, but he decided instead to try to interest them keenly in athletics and see what effect that would have.

He made his lessons lively and attractive. The girls became more and more interested in the games and sports, and one by one they shed their foolish garments and appeared in clothing suited to the games they wished to play. Inside of two weeks not a thin waist, tight skirt or high-heeled shoe was to be seen in the class, and the girls were wearing their more practical garments to French and music classes as well. The mid-dy blouse, skirt of decent width and low-heeled sport shoe were the regular order of the day. Without a word of criticism a reform had been accomplished which bids fair to continue.

It is pretty good philosophy for teacher, professional reformer or anybody else. Bad habits cannot be changed by fault-finding, but by the substitution of a healthy interest for a silly or an evil one. The gardener may prepare his ground ever so carefully, but if he does not go on and plant his vegetables, flowers and fruits, nature will get busy and fill the place with weeds again.

## MAINTENANCE NECESSARY

Five years ago Louis Knudsen, then city engineer, tried to get a \$200 appropriation for repairs of cement streets. Nothing was done by the council.

Cement repairs should be attended to. Asphalt or pitch can be poured in the smaller cracks, and bad spots can be replaced with new cement sections.

Thirteenth street is in bad shape and if allowed to go another winter, sections of the roadway will break off into slabs. At the south end near the curve is a hole about a foot square and any car striking it gets

jolt enough to nearly break springs.

At various places in the city are holes in paving in order to permit water main or sewer laying. These holes should be filled with cement.

Mr. Knudsen said he was informed City Engineer R. T. Campbell intended to add a small repair outfit for cement repairing and if that is true it cannot be started any too soon.

Take Bemidji, for instance. Their miles of cement paving are kept in first class shape by constant repair. The government looks after its cement work here. A man worked several days at the postoffice cementing cracks in steps and walks. A few dollars spent in upkeep pays enormous returns.

## BRAINERD'S POPULATION

The 1920 census of the government stand in the 10,000 class and 9591, being an increase of 1,665 over 1910. The percentage of increase is 12.5 per cent, about the average increase of Minnesota cities.

The Dispatch has tried to get the figures for each ward, so that a comparison may be instituted and the people could see where gains were made and where no changes were recorded.

To those who wished to see Brainerd stand in the 10,000 class and once even had hopes of a 12,000 population, the figures come in the way of a disappointment.

As Brainerd now stands it has but 2,600 more than Bemidji. Crookston, not content with 6,650 had a revision and attained 6,806.

## MINNESOTA WOOL IS POURING INTO CHICAGO

Minnesota wool growers are pouring their clip into Chicago in accordance with plans worked out by the Minnesota livestock breeders and the wool growers of the state. Forty-two county wool-growers' associations have been formed and reports received from their agents by F. L. French, executive secretary of the Minnesota Farm Bureau federation say that from 150,000 to 250,000 pounds of Minnesota wool is already on its way to Chicago and by the middle of August from 400,000 to 500,000 pounds will be in storage in Chicago or on its way there. This plan to co-operate in shipping wool is in line with a general plan developing at a recent meeting of the American Farm Bureau Federation in Chicago, where it was decided to form a Pan-American co-operative marketing organization to handle grain and livestock for the farmers of the United States and Canada. J. R. Howard, president of the federation was empowered to appoint a committee of 17 to work out a plan which will be submitted at another meeting of the federation in January.

## Keep Up to the Mark

Good health is impossible when the kidneys are weak, overworked or diseased. When they fail to filter out of the blood the poisons and impurities that cause sore and swollen muscles and joints, backache, rheumatic pains, take Foley Kidney Pills to save the help they need. H. P. Dunn, druggist.

\*\*\*\*\*  
 "The Crank" Who Swindled  
 Kidnapped Baby's Father  
 Out of \$12,000 Ransom  
 \*\*\*\*\*

Auguste Pasquale, a French-Italian with a string of aliases and a prison record, has been revealed as "The Crank" in the kidnapping of Baby Blakely Coughlin at Norristown, Pa. "The Crank" swindled George H. Coughlin, the father, out of \$12,000 ransom and Pasquale was arrested at Egg Harbor, N. J., when "The Crank" attempted to obtain \$10,000 more from the baby's father. Pasquale denies any connection with the kidnapping and declares he was hired by a "higher up" to get the ransom money.

## Unfair to Both Parties

When you ask for a standard article in its line and a substitute or imitation is forced upon you, two parties are wronged by the transaction—yourself and the maker of the article you wanted. It pays to get genuine Foley Kidney Pills for backache, rheumatic pains and other symptoms of kidney and bladder trouble. H. P. Dunn, druggist.

## Armor for the Gaffer.

"Gaffers who fear snakes," says a traveler, "might try the 'tin armor' tactics resorted to by wanderers in the tropical swamp lands. It is the custom of some explorers to fasten a bright tin disk over their ankles. This gleaming spot attracts the reptiles, which invariably strike at it and nowhere else. The snake is thus rendered harmless and leaves the snake in a position to receive a knockout blow at the intended victim's discretion.—London Chronicle.

## Dentist's Memorial.

It is a far cry from the powdered ben-bone seeds, the incantations and pain, the gold rings and ex teeth of the forgotten past to the work of a modern dental surgeon, but like his predecessors in the profession, the modern operator leaves behind him his monument. It may be a cross of gold which he erects to his memory as a product of his mechanical skill, or maybe he has taught the children of the world the secrets of health or the esthetic value of a pleasing smile.—Exchange.

DISPATCH GETS  
AERIAL MAIL

Traveled From Chicago to Minneapolis by U. S. Government Airplane on Tuesday

AIR SERVICE IS EXTENDED  
Business Interests of Minneapolis Subscribed for Hanger and a Suitable Field

\*\*\*\*\*  
The Dispatch has received a letter from Postmaster Edward A. Purdy of Minneapolis which traveled by aerial mail from Chicago to Minneapolis and thence by train to Brainerd, making remarkably fast time.  
\*\*\*\*\*

(By Edward A. Purdy, Postmaster of Minneapolis)

This letter comes to the Brainerd Dispatch, from Chicago with the first dispatch of aerial mail to arrive via Minneapolis. It left Chicago at 7:30 a. m. Tuesday and was delivered to the Brainerd Dispatch early Wednesday morning. Some day it may be a valuable historical document. Had this letter been dispatched by train and left Chicago at the same time, it would have arrived in Minneapolis at 10:30 p. m., August 10th, too late to connect with train leaving for your city, thus losing one business day.

The postal plane making the inaugural flight is an 800 h. p. Martin, propelled by two Liberty motors of 400 h. p. each. It carried on its first trip 30,000 letters and has capacity for 80,000 which will be its load when flying on regular schedule. Its average speed will be approximately 100 miles per hour. Landing will be made at Twin City Field (old Speedway track on 34th Ave. So., beyond Minnehaha Falls).

The arrival of the plane marks the beginning of daily air service between Minneapolis and Chicago. The regular schedule on which ships will operate will be announced immediately following test flights.

Postal authorities, both Departmental and local, propose to prove to patrons of the Northwest that air mail is not to be an innovation of a spectacular or stunt nature, but a necessary and economical adjunct to the service. C. F. Egge, Superintendent of the inaugural flight.

The first returning plane, Minneapolis, will leave at 12:30 p. m. on Wednesday, August 11th. All mail endorsed conspicuously "Via Air Mail" on face of envelope will be dispatched for this flight. To connect, mail should be in Minneapolis Post Office not later than 11:30 a. m. For the present, only first class mail will be sent by air. There is no extra charge, regular rates of postage apply.

The Postmaster, on his own account and on behalf of the Second Assistant Postmaster General, Otto Praeger, wishes to take this occasion to thank the business interests of Minneapolis which have so generously subscribed toward the erection of the hangar and the acquisition of a suitable field, thereby making it possible for Minneapolis to be one of the first important aerial mail centers of the country.

W. F. Brooks, W. A. Durst and H. M. Gardner have given unsparingly of their time for this enterprise. To their efforts the actual accomplishment is in a large part due.

\*\*\*\*\*  
BRAINERD'S  
ODDEST STORIES

Mrs. Henry Rosko solved the difficulties of a gas famine by using her electric iron to cook a meal on. She turned this iron upside down, flanked it in with bricks on the top of the kitchen stove and then cooked the meal.

There is grief at the home of P. T. Bidwell. The family had just adopted a three months' old puppy, part collie and part Airedale and the little fellow strayed away from home. A reward is offered for the return of the pup.

\*\*\*\*\*

## Gave it to Children and Grandchildren

Mrs. V. M. Katz, 502 Armondale St., N. S., Pittsburg, Pa., writes: "I gave Foley's Honey and Tar to my little grandson when he had a bad cold and it did him lots of good. I used a lot of it when my own children were small." It must have merit to hold the leadership generation after generation. H. P. Dunn, druggist.

TOWN DESERTED  
ON PICNIC DAY

Merchants and Clerks Enjoy Outings and Many Picnic Parties Are at the Nearby Lakes

NO SET PROGRAM FOR THE DAY  
Tourists Surprised When They Attempted to Enter Hardware or Grocery Stores

The annual picnic of the merchants and their clerks of Brainerd has left the town as deserted as Goldsmith's village. Not a dry-goods store, grocery store or meat market is open. The banks closed at 1 o'clock in the afternoon.

Tourists were hit the hardest. Having no knowledge of this annual picnic, most of them going to the picnic to lay in supplies and found only confectionery stores, bakeries, drug stores and hotels open. There was no set program for the picnic, most of them going to the lakes for bathing and fishing.

## IRONTON

Ironton, Minn., August 9.—Fairly good scores were made at the Ironton Gun club shoot. Four squads were out.

The Ladies Altar society held an ice cream social at the Cashen building.

Ironton schools resume studies on September 7th. In spite of the difficulty in securing teachers, Superintendent Edwards has been able to sign up a full quota. High school pupils are asked to register Friday, Saturday or Monday before Sept. 7th.

Mr. and Mrs. George Fay entertained the former's nephew and niece Mr. and Mrs. Charles Marcus Fay of Duluth.

A guest of Mrs. John Hill is her cousin, Mrs. Lillian Wels of Los Angeles, California, and the latter's grandson, James Wells.

Mr. and Mrs. C. J. W. Moen, who were married at Amery, Wisconsin, have returned to Ironton.

P. G. Pastoret of Duluth was in town.

Mrs. George Ridley visited in Brainerd Monday.

T. S. Nyhus and Arthur Mayheu motored to Brainerd.

Mrs. William Seafeld and daughter are visiting in Duluth.

Mr. and Mrs. August Bruner and children motored over from Pequot to visit Mrs. Bruner's parents, Mr. and Mrs. Dahlstedt.

Mr. and Mrs. I. W. Smith have returned from a visit in Duluth and were accompanied by their son and daughter-in-law, Mr. and Mrs. F. W. Smith and their little son.

Mr. and Mrs. A. H. Proctor, Mr. and Mrs. Murphy and Mrs. Sandstrom picnicked at Gun lake.

## Marriage Licenses

July 28—Ralph Llewellyn Gates and Anna Laura Gordon.

July 28—Gust B. Carlson and Mae Burgess.

July 30—Adelbert E. Halpapp, Spokane county, Washington, and Catherine E. Davis.

July 31—Charles Milton Cundiff of Clay county, Iowa, and Elizabeth Bosk.

Aug. 2—Thomas Derogear and Fleman DeRosier.

Aug. 4—Michael Johnson and Flora Zetta Maxim.

Aug. 6—Mrs. Winnifred V. Falk and John Hick Miller.

Aug. 6—Otto Hill and Hilma Tuomi.

AITKIN COUNTY  
FIRE CASES

Same Procedure for Aitkin County May be Followed as in St. Louis-Clinton Cases

SOO RAILWAY IS DEFENDENT  
Settlers Charge Loss of Life and Property To Railway or Federal Agent of Company

Aitkin county, like St. Louis and Clinton counties, has its problem in litigation arising from the fire of October 12, 1918, wherein many settlers have filed claims against the Soo railway or John Burton Payne, as agent of the President under the Transportation Act.

It is reported an effort is being made to dispose of the Aitkin cases in the same manner as Clinton and St. Louis county cases, three judges of the district court to sit en banc at Aitkin and determine the question of liability, if any. The district court judges of the 15th judicial district are Judge W. S. McClenahan of Brainerd, Judge B. F. Wright of Park Rapids, and Judge C. W. Staanton of Bemidji.

Damages claimed range from property losses to damages to persons.

## MARKET REPORT

## Minneapolis Cash Grain

Wheat—No. 1 dark northern, \$2.70 to \$2.80; No. 1 northern, \$2.65 to \$2.75.

TUBERCULOSIS CLINIC  
AUGUST 14

A free tuberculosis clinic will be held at the court house at Brainerd, Saturday, August 14th, from 11 a. m. to 12 m. Dr. Matlick will conduct the clinic to which all doctors of the vicinity are invited to send suspicious cases, and all suspected cases are urged to come.

## BASEBALL BUNTS

The moulders and car repairers are to stage a game soon, the proceeds to go to the benefit of the striking telephone girls. Both teams are practicing daily. Alderman Andrew Anderson is a handy man on first base. There are any number of heavy hitters in the moulders as well as the car repairers.

Villard defeated Swanville 5 to 3.

The Fats of Brainerd are not satisfied with the 12 to 4 victory which the Leans achieved over them. They claim that with their entire Fat line-up in place things would have been different and propose at some time to have another game to settle the matter.

## Phillipino Underwear

Most Beautifully Embroidered

Very Dainty Pattern

The daintiest and prettiest of women's underwear is the daintily embroidered Phillipino underwear. The materials are taken to that country when it is made and embroidered under the supervision of underwear experts. It is not "gaudy" but appeals at once to women wanting pretty underwear of plenty of taste. Our new garments are here.

H. F. Michael Co.

What's done as much as  
anything else to fill up  
the movie houses

LOOK at the crowds that step out of their cars in front of the movies every summer evening.

The movie managers would be renting half of their theatres for store space, if it weren't for the automobile.

It is typical of Americans that they took to the automobile as a matter of course—just as they have to the movies and to every other great invention of the last half century.

And the same thing has happened everytime. Taking things as they come is a fine way to foster waste and extravagance.

As regards tires, the comeback is about due. People are pretty near through pay-

ing for something that isn't there when they look for it.

What a man pays for in a tire is *quality*—not a limited number of miles or the privilege of getting a rebate in case the miles don't come up to the limit.

U. S. Tires are guaranteed as to quality—with no limitation of mileage.

And that holds just as good for the *small car tire* as for the biggest U. S. Tire we've got. There's *only one* standard of quality with U. S.—and the size of the car has *nothing* whatever to do with it.

We represent U. S. Tires in this town. You'll find it worth while to talk to us before you buy any more tires.

### PROPOSE TO BAR BILLBOARDS

Better Community Conference Condemns Them as a Destroyer of Beautiful Scenic Spots.

Steps toward the elimination of all unsightly billboards and the encouragement of the artistic in poster advertising and the continuance of the art committee of the Better Community Conference as a permanent organization, with frequent meetings, in various Illinois cities, were the main topics of discussion at the closing session of the committee in Chicago.

"We want to take some definite action toward eliminating unsightly billboards," said Prof. R. E. Hieronymus of the University of Illinois, who put the motion.

"This is one of the biggest factors of the art and beauty campaign we have begun. Many beautiful scenic spots in Illinois have been ruined by a large painted sign advising you to chew so-and-so's gum, to use somebody's pills or soap. Such things are a disgrace to civilization. Our movement is not purely negative, however. We want to encourage the development of artistic advertising."

Lorado Taft, Chicago sculptor, chairman of the conference, also emphasized the elimination of ugliness and addition of beauty in advertising. The motion pledging the committee to definite action along this line was passed unanimously.

### APPLIES TO ALL CITIZENS

Advice Given by Washington Periodical Might Be Taken to Heart in Every Community.

This is your city. Keep it clean. Be as careful and considerate of the streets and the parks as you are of your own house. You do not litter up your own premises or permit it to be strewn with trash, because you take pride in its appearance. Be as considerate of your city.

When you go into the parks regard the turf as you would your own front lawn, the flower beds as you would your own garden. They are there for your pleasure and the pleasure of all others. They are yours and you should have a proprietary feeling toward them and a pride in them.

In the streets do not throw away trash to disfigure the sidewalks and the pavements. There are places for waste paper and other refuse. There

are sewer openings into which this material can be put. A littered street, like a littered park, means bad house-keeping and you, the citizen, are the housekeeper.

It is not enough to leave the matter of cleaning up to the paid forces of the town. Until they come around the streets are dirty and the parks are littered if you, the citizen, are not particular.

Remember always, this is your city. Keep it clean.—Washington Star.

### Ridding Vacant Lots of Weeds.

There is a way, in Pensacola, at least, to get the rank weeds cut from vacant lots which are the property of non-residents. Under the code, the city, cutting the weeds at its own expense when it fails to reach the owner of the lot, may assess against the property the cost of the mowing. At tax-collecting time, the city will be reimbursed. The law, a new one of the municipality, is excellent, since it touches that troublesome person, the non-resident owner. Other cities, which have health problems not dissimilar to those in Pensacola, might copy it to good advantage.—Mobile (Ala.) Register.

### Grandmother Still Ahead.

Little four-year-old Mary Ellen's front teeth have begun to decay. The other evening her uncle asked her what had happened to her teeth, and she innocently answered, "I wore them off."

"Oh," uncle laughed, provokingly, "you wore them off by talking so much."

The little maid looked at him a minute and then retorted earnestly, "Well, I don't care. My grandma wore hers clear out a-talking, too, and had to get her some new store ones."

And grandmother good naturedly agreed that it was so.

### Beautifying the Roadside.

Along the dusty pike, a few miles north of Chillicothe, a farmer and his wife for years have beautified the roadway near their home by planting flowers outside the fence. Instead of permitting the weeds and rank grass to fringe the roadway, they have set apart about a hundred feet of space for the flowers, have given them rich soil in which to grow, cared for them so they are fresh and vigorous during the season, and have watched them flourish and grow until the picket fence is nearly hidden by them.—Ohio State Journal.

### Get a Garden!

Instances of extreme old age are more common among those who exercise themselves with gardening than any other employment.

### Tends to Better Citizenship.

Every man is a better citizen when he becomes a home ruler.

### Canadian Yachtsman Who Has Issued Challenge for America's Cup Race

Alexander C. Ross

No action has been taken as yet by the New York Yacht Club regarding the challenge of Alexander C. Ross, Montreal yachtsman, to race for the America's cup during July of next year. The challenger is a former member of the Canadian Parliament from North Cape Breton and Victoria, and has extensive mining interests. Canadians have raced twice unsuccessfully for the cup. They challenged first in 1876 and again in 1881.

### "BLAZED" TRAILS IN WOODS

Guides for Travelers and Marking Bounds of Lot or Town Lusted for Many Years.

In earlier days, when large portions of the country were covered with forests and there were few roads, travel was often possible only by way of paths "blazed" through the woods. To blaze, as every woodsman knows, is to strike off a chip from the sides of trees, so that the line of marks shall indicate the direction of the trail.

In blazing for a path small trees were marked, but in blazing for the bounds of a lot or town or for a farm line larger trees were usually selected, the blaze being made about breast high. When, however, as was often the case, the blazing was done in winter on deep snow by men traveling on snowshoes, the mark was necessarily higher up. When such a line is traveled in the summer, especially after some years, during which the trees have grown, the marks are sometimes found high up on the trunks and are likely to escape the eye of the inexperienced. As many of them will also be partially overgrown the task of the surveyor who goes over one of these old lines is not always easy.

If the boundary line passes to the left of a tree selected for blazing the cut is made upon the right side. If the line goes to the right the tree is blazed upon the left side.

In running a boundary at a corner, where two lines come together, either a "monument" is erected—a stake supported by four boulders—or a tree is blazed on all four sides to indicate as nearly as possible the turning point of the line.

The wound of a blazed tree heals over, but never so completely that the scar may not be readily recognized by the experienced woodsman; hence it follows that so long as the blazed tree escapes fire and the ax of the lumberman so long it remains a faithful record of the line as surveyed.

Blazed trees also fix dates almost as accurately as they preserve boundaries. The outer shell which has grown over the scar is cut away, and the rings in the wood beneath the bark testify to the number of years which have elapsed since the blaze was made.

### Don't Blame the Weather too Much

If you feel lazy, languid, seem dull, stupid, lack strength and ambition, do not blame it on the weather. The hot sun will not oppress you so much if the bowels are regular. Follow Cathartic Tablets banish biliousness, indigestion and constipation; cleanse the bowels, soothe the stomach, invigorate the liver. H. P. Dunn, druggist.

Erickson, General Delivery. 9396-5715w1

## Goodyear Tires for Small Cars Are Popular Because Economical

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30x3, 30x3 1/2 and 31x4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size in waterproof bag \$4.50

# GOODYEAR

## North East West South

Supposing that, beginning tomorrow, all the newspapers are discontinued. What a furore the public would make. "News! News! We must have news or we will be no better off than the ancients." "All right, suppose we give them news but cut out the advertisements."

Then we would discover that politics, the doings of society, notices of fires, accidents, deaths, scandals, sports, the activities of the police and criminals add little or nothing to the real comfort and happiness of this greatest age in the world's history.

What geni are they that have crowded the last fifty years with so much of advantage to humans? They are legion in number, but not least among them is Advertising.

Our day is the greatest time the world has seen because we have more to be happy with, better things, greater variety, greater comforts gathered together from the North, East, West and South for our choosing and selection. Look about you. This is the day of better food, better homes, better clothing, better babies, better health, better business. And advertising is the instrument that makes these better things possible.

Advertising is the NEWS of all the looms, of all the furnaces, of all the laboratories, of all the shops, of all the stores, of all the world and all working for you.

Because of advertising, luxuries and necessities that once cost a king's ransom are yours at little prices. Advertising pits merchant against merchant, artisan against artisan, producer against producer, for your benefit, forcing out the best there is in everything and telling the world about it.

Read advertising. Keep abreast of today. Advertising furnishes you with facts and opportunities that you would otherwise never know.
